Take advantage of this one to one meeting programme with our experts.

Appointments available: 09:30 – 15:00

Friday 24th September, 2010

The Wilton Centre  
Wilton  
Redcar  
TS10 4RF

### What you need to know:

In the North East today, over two hundred chemical, pharmaceutical and biotechnology companies have bases in the region, which accounts for £9 billion, or 30 per cent of North East England's gross domestic product. The sector alone generates 60 per cent of the Teesside economy, with 70 per cent of trade in goods that pass through Teesport, Europe's third largest port, originating from the sector.

Large pharmaceutical companies are supported by companies able to do preclinical research and development, the delivery of clinical research and development including full scale drug testing trials, pilot scale manufacturing and full scale manufacturing, right through to active ingredients and formulation, packaging and distribution.

UK Trade & Investment are offering an opportunity to you to find out more about the prospects for your business in one or more countries such as Finland, Czech Republic, South Korea, Syria, India, Jordan, UAE, Bosnia and Herzegovina, Lithuania, Estonia, Latvia and Serbia.

12 chemical sector specialists who are a valuable part of the UK Trade & Investment's overseas network will visit the North East Process Industry Cluster to meet with North East companies on a one to one basis.

**To book your 20 minute appointments** please complete the registration form attached and send to [enquiries@ukti.rito.co.uk](mailto:enquiries@ukti.rito.co.uk) or fax it to 0191 229 6246 or alternatively call the Regional International Trade Hotline on 0845 05 05 054.
